Dear Minister

Congratulations on being appointed Minister for Industry and Science in the newly elected Albanese Government.

The Association of Australian Certifiers (AAC) represents registered building certifiers in NSW, and we look forward to working with your office and the Building Ministers' Meeting (BMM) on policy and regulatory issues affecting Australia's building and construction industries.

There are a range of pressing matters impacting the industry and registered certifiers at the moment, including the availability of professional indemnity insurance, the upcoming update to the Building Code of Australia (BCA) and ongoing reform matters across jurisdictions.

If you ever need anything from the AAC on these or any other matters, please do not hesitate to contact me on 0431 082 259.

Yours sincerely

Jill Brookfield
Chief Executive Officer
